

ADP Payroll Integration datasheet

Overview

Integrating with ADP Payroll eliminates the need to enter employee hours worked into ADP.

ADP Payroll

Many UK businesses use ADP Payroll to manage payroll processes including payslips, employee pay, pensions, expenses, statutory pay, tax calculations and HMRC submissions.

timeware[®]

timeware[®] has developed an integration that following overtime approval, allows the total hours worked data held in timeware[®] to be transferred to ADP Payroll eliminating manual data entry.

Annual licence

The ADP Payroll Integration is enabled by an annual licence.
